

Meeting Notes

Meeting Date: Monday 20 July, 2009	10am
WSN Eastern Creek Education Centre	

Item	Issue	Action	By
1	Meeting Notes Notes from the previous meeting passed with no amendments.		
2	Business Arising		
	Following a review of the independent facilitation services and general community engagement strategy, WSN has decided that the Community Engagement Coordinator will facilitate CAC meetings at Eastern Creek. Following the public tendering process for independent facilitation services, ID Planning was again the successful tenderer however for a reduced number of WSN CACs.		
3	Update on Operations and Environmental Matters		
	PN Reported on Operations and Environmental matters – please see attached report. Odour – there have been 5 complaints since the April CAC meeting, coming from a variety of sources.		
4	GRL Report		
	MB Reported that Global Renewable Limited (GRL) has been operating effectively. Conducting a review of the composting process. Maintenance improvements have been completed for auto lubing systems. Stockpiles have reduced – processing 80-100k and less, but still sweeping four hours per day.		
5	ANL Report		
	The SAI global audit has been conducted and ISO14001 certification for the environment management system has been maintained. Waiting for engineers reports which is holding operations up.		
6	Community Feedback on Odours		
	No community members present.		
7	Other Business		
	PN No further news on review of all sites and landfill volumes which includes Eastern Creek, or review of sale of WSN.		
8	Actions		

Item Meeting Reference	Issue	Action Assigned to	By
6 April 09	<ul style="list-style-type: none">• Open Actions RB to direct members to information regarding the review of landfill policy (via KPB who will forward to members) <ul style="list-style-type: none">• Update - no information has been released yet about this.
